

START NETWORK

EXPERIENCE FROM ZIMBABWE

Emma Cazou

Emma.Cazou@startnetwork.org

Programme Level Learning

- Tools:
 - AARs, evaluations, model reviews
 - Partner, expert, and government consultations
 - Quality Assurance Framework
- Example – Zimbabwe:
 - One year pause to adapt processes for AA model
 - Creation of technical experts group & stronger governance
 - Increased focus on localisation & community feedback

Zimbabwe Drought Risk Pool
3 activation
World Vision, Aqua Zim
Culture
Ward sensitization activity

Project Level Learning

- Tools:
 - AARs, evaluations, model reviews
 - Partner, expert, and government consultations
 - Covers full delivery chain- triggers, readiness, logistics, community engagement
- Key lessons:
 - Triggers refined with field validation
 - Activities better aligned with local calendars (e.g. planting seasons)
 - Stronger prioritisation of water & livestock interventions
